Perusal
Chief
For
Sir,

Ever since Retrocession this Committee is viewing with considerable pain and anxiety the calculated policy of the Government of Mysore in ignoring the legitimate rights of the Civil Area in the fair and proper development of the City of Bangalore. Whenever the Government has been called upon to send invitations to the representatives of the public for occasions associated with the arrival of personalities ei either of Provincial importance or of all India importance or called upon to constitute committees either advisory or deliberative in nature regarding the public interests of unified Bangalore they have always proceeded on the basis as though there is none worthy of being considered from Civil Area. Not to go into the remote past, let us consider the two recent events illustrative of the step-motherly treatment on the part of the Government. The Governor of Madras came. Several were introduced. Among those introduced were included the President of the City Congress Committee, and the President of the District Congress Committee (Bangalore) The fact that there is and has been in existence this Committee is not even taken note of. This is not the first time that this kind of insult is being administered.

A Committee of Visitors for the Central Jail is constituted. The Congress Government is aware of the fact that many a son from this

soil has not only suffered the rigours of jail life in that very institution, right from 1930 shed his blood on the soil and laid down his life to put their fellow Congressmen in power. Yet not one was available for the Government to be included in that committee.

(3) Thepolicy is the same towards the constitution of Admission Committees to the various educational institutions in the city of Bangalore. We find practically none from this area. But it must be said to the credit of the Government that regarding the constitution of the Board of Visitors to the various Medical Institutions they have been selecting the personnel from the Civil Area for such Boards regarding the institutions situated within its Area.

(4) We shall watch with unabated vigils these mounting instances of unfair treatment. We cannot but give expression to it in places where we feel we get redress, if we find you are resolved not to remedy.

(5) These observations may be filed in your records for what they are worth. But we are determined not to beg fagours.

Yours faithfully,

E S Ramana
